

# Using the Texture Effects to Enhance and Stylize Photos.

1. Select your photo and insert it into a blank document. Find the photo you want and drag it onto your artboard.

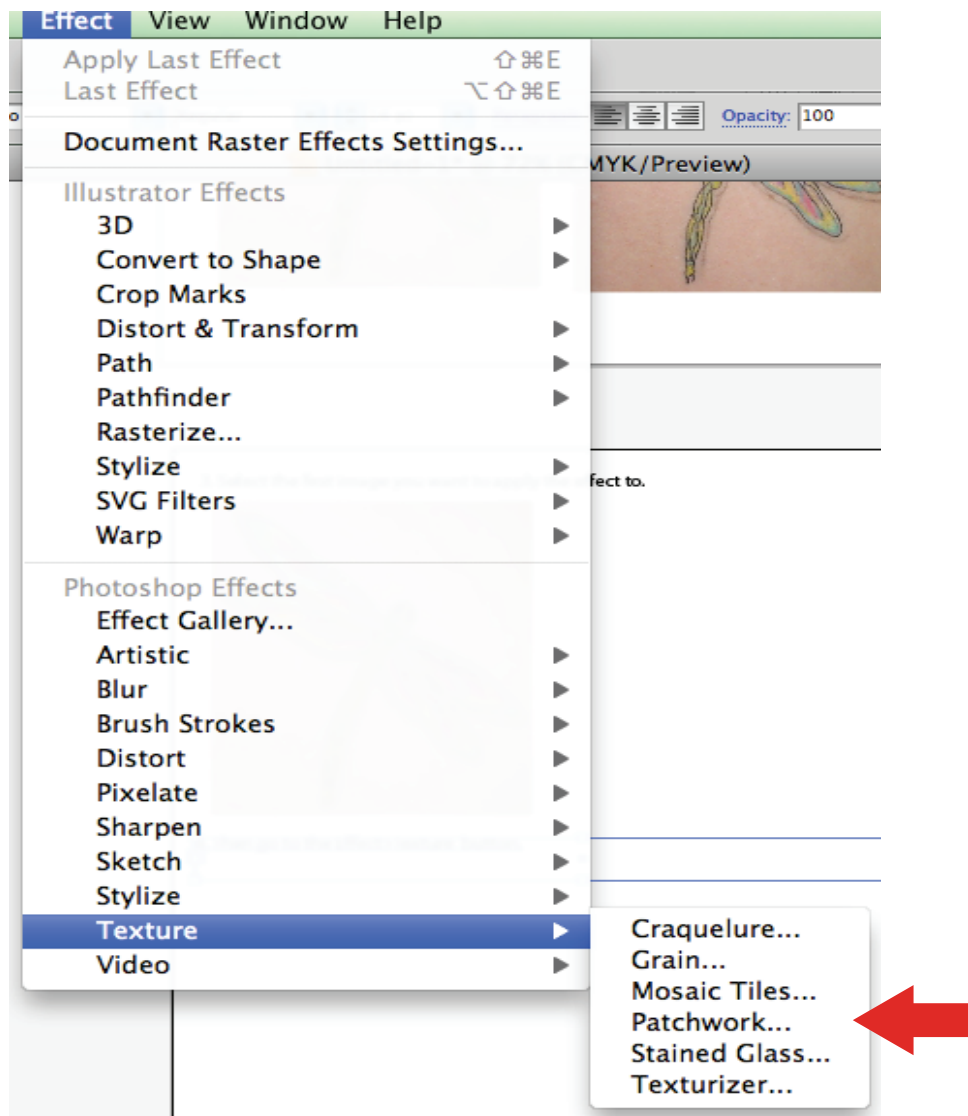

2. Copy and paste the image a couple of times so you can compare effects.

3. Select the first image you want to apply the effect to.

4. Then go to the Effect>Texture button.

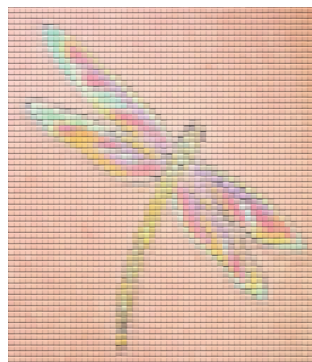

5. See some of the examples below.
